Now is the time when everyone will
feast on hog jowl and greens.

BETTER that the profits of the dealers
than that the tails of horses should be
doctored.

AS YET Miss Missionary Stone has
not offered to use the profits of her
lecturing tour is paying back that ran-
som money.

A BALTIMORE dispatch says that a
man there while cursing his wife was
suddenly stricken dumb. Who can
guess what she used?

CHICAGO is suffering from an epi-
demic of the "pink eye." Poor Chi-
cago! She seems to get her share and
a little more of about all the evils that
make their way around this happy and
prosperous land of ours.—Times Star.

In spite of the moving stories about
the terrible strain of being President, it
will be noted that Roosevelt is getting
so fat on it that he has to hire a sparring
partner to keep his latitude from ex-
ceeding his longitude.—Times.

THE Georgetown News gives its read-
ers some good advice, which we repro-
duce for the benefit of some of our
people who do their shopping out of town.
It says: "When you want to buy the
best goods always remember that your
home merchant is doing business upon
honor and wants your trade. When
you go away from home to buy you
must judge for yourself. If your judg-
ment is good you are liable to get the
worst of the deal, while if you buy at
home you have your redress, and the
merchants can and will if honorable,
rectify any injustice handed out unin-
tentionally.

THE Madisonville Hustler give some
advice to Democrats when its says:
"Let us hope that everything in con-
nection with the nomination of a Demo-
cratic ticket may be done decently and
in order, in which event there is no
doubt of the triumphant election of the
ticket. All that the Democratic party
has to do to maintain its ascendancy for
10, these many years in Kentucky is to
sit firmly in the saddle and keep down
strife and bicker within its ranks.
This can be done by fair dealing and
conservative action. We trust and
urge that this by all means be done."

complete up-to-date line of Wall Papers.

An exchange says: Two farmers in
Kansas traded children recently, one
man giving a ten-years-old son and a
load of corn for thirteen-year-old daugh-
ter, and the transaction was made a
matter of record in the county clerk's
office. Both families are well-to-do
and the reason for the trade was that
one had no sons and other had no daugh-
ters.

Jim Allen, says: "A preacher in
Wolf county surprised his congregation,
Sunday, by having the choir whistle in-
stead of sing. He led the band. The
idea is not bad, and it is hoped other
choirs that can't sing will confine their
efforts to puckering. Most preachers are
qualified to lead. They frequently have
to whistle for their salaries."

You Do, or You Don't Need Glasses

The eye being a rather delicate organ, great care
should be exercised in the selection of proper glasses.
Many believe that glasses should be resorted to only
when the sight becomes so defective as not to be able
to do without. This is a great mistake which must be
combated. Whenever there is unmistakable evidence
of the need of their aid, they should be used. A neg-
lect of this rule sometimes produces mischief which
results in serious trouble if the course be persisted in.
Our Dr. C. H. BOWEN having just returned from
taking a special course in Optics from one of the best
